Praise for *Cultivating Spirituality in Children*:

“Any parent or person who works with children and is interested in cultivating an authentic, heart-centered relationship with them needs to read this book and put these 101 pieces of wisdom into practice!

*- Elizabeth J. Sabet PCC, ACSLC, Executive Director of HOPE
Holistic Options for People Everywhere, and Mom*

If you're at all concerned about how to best support and encourage spirituality in your children, or in any children who may be under your care, Dr. Rosie Kuhn has written the book for you! Make no mistake, though, as Dr. Kuhn makes clear, cultivating spirituality in children isn't all about what to preach — it is about walking the walk more than talking the talk.

*- A. Scott McCulloch, PhD MBA - Transpersonal/Transformational Coach,
Thought Partner, Insight Facilitator, Founder of Tapintu*

“Dr. Kuhn discusses an important, yet neglected area of parenting: spirituality and children. She raises some important questions about how best to raise children within a spiritual paradigm and context. Dr. Kuhn also suggests that we have as much to learn from our children regarding staying connected and open to the spiritual domain, and introduces a much needed discussion about this topic.”

- Shawn Katz, Ph.D., and Dad
