

# A TRANSPERSONALIST'S GUIDE TO THE UNIVERSE

FEAR  
NOT!

But first,  
a model...

# Domains of Awareness

Domain of  
UNIVERSAL ONENESS

Domain of  
HUMANITY

Domain of  
SELF-EMPOWERMENT

CIRCUMSTANCES

DOMAINS OF AWARENESS

*We are created and  
creator.*

# This is Where We Choose to Choose What We Choose

*What we think, speak and do is based on what we want – in humanity (Essence-based) and what we want to avoid (Fear-based).*

# *Our Choosing is based on What we are Wanting*

*Our choosing is based on either:  
FEAR of LACK or  
Spiritual Evolution*

Our Consensus Reality Says  
There is something lacking in  
this moment

# **You Are Here to Completely Reject Consensus Reality**

**(This is the sign I wish was  
posted in every birthing room.)**

**Our Circumstances  
are**

**The outcome of our choice-  
making**

*Every circumstance is  
an internship where  
you are honing the skills you've  
developed*

**AND**

*where you are required  
to generate and develop new  
ones.*

**When In Doubt...**

***Dilemmas occur.***

**Welcome to**

***Restless Irritable Discontent.***

**Shaking lose all the strategies you've  
been using  
to avoid, distract and ignore, brings  
your to the *source* of RID.**

***Underlying the RID is Humanness.***

**Powerless, hopeless, and  
helpless are what you are  
having to “be with” only because you  
are in a limiting form  
with limiting beliefs.**

***This is what is known as  
“A big fat be with.”***

# Principles

that generate thriving relationships  
with humanity – yours and others’:

# You Can't Play for Both Teams

*You have to choose!*

**Spirituality Occurs at the  
moment  
you intentionally Choose  
to Stop**

Truth is Self-revealing, Self-evident, and comes about as effortless and the fullest expression of your essential nature.

Defer to no one.  
Your own experience is the  
highest truth for you

The highest vibrational  
outcome is always  
forthcoming

If it isn't forthcoming,  
then you have yet to reach that level  
of vibrational resonance.

Relationship with the unseen  
provides guidance, wisdom and  
companionship far beyond human  
capability.

We can't do it alone.

We aren't meant to do it alone.

Who we call upon for support is a  
huge factor in the ease through  
which we live our lives.

The future is now

# Generosity of Spirit is what its all about

Love and compassion allow us to be For Giving.

Gratitude acknowledges  
awareness that every aspect of  
life is a gift

I am grateful for  
*The Way That It Is!*

Curiosity Extends

Fear Withholds

Our choosing is based  
on our wanting and our  
circumstances are the results of  
our choosing

Discern the quality of experience  
you are wanting and choose  
accordingly

Surrendering your Will, to  
your Highest Knowing brings  
Serenity, Peace and Grace

Surrender your Existence and all its Expressions to  
Oneness, Universal Source, God

“We are here to  
reject completely  
Consensus Reality.”

- From *Oneness* by Rasha

For Transformation to occur, you  
have to engage personally in a  
Paradigm Shift

Purging and detoxing of cellular  
memory is required to grow  
yourself spiritually.

It is uncomfortable

Releasing Density allows high  
vibrational resonance to be present.

Knowingness comes ONLY  
through experience

Our thinking interferes with spiritual  
development. Attachment to a spiritual outcome  
is still attachment.

Have all the fun you are  
willing to have!

# *Preflight Checklist: Preparing for Liftoff*
